

Inclusive Schedules

- Coordinate schedules among teachers and support staff
- Provide support during important instructional times
- Use co-teaching and peer supports when possible
- Maximize student participation in general education

Inclusive Instructional Plans

- Align IEP goals with grade-level standards
- Focus on meaningful learning outcomes
- Prioritize essential skills and concepts
- Adapt tasks and materials when needed

When to Teach

- Use embedded instruction throughout the day
- Practice skills during natural classroom routines
- Create opportunities to work on IEP goals
- Provide extra support when necessary

Technology and Universal Design for Learning (UDL)

- Technology reduces learning barriers
- UDL provides multiple ways to learn
- Students can access content in different formats
- Supports benefit all learners

Technology-Assisted Learning

- Increases engagement and motivation
- Supports personalized learning
- Promotes independence
- Helps students learn at their own pace
