

ED452C Reflection
(25% of overall grade)

Reflection Directions

Personal and professional reflection are key components of the learning process. For this assignment, you will write a two to three-page reflection on what you have gained from taking this course. Please refer to the rubric on Blackboard. You will submit your reflection in Blackboard as a word document by the due date. You should guide your paper around the following questions:

- What topics in this course do you feel you had a good understanding of?
- What topics do you want to learn more about?
- How are you going to pursue further learning?
